

AMY ROBERTS

Job: Website manager

Company: Bruntwood

Help shape the strategy of the business through digital platforms.

Loyal

Precise

Honest

The skills I use most in my job...Javascript

- Problem solving
- Time management
- Teamwork

The most interesting thing I've worked on in my career so far...Redeveloping and project managing a new web system for the business

What inspired me into digital and tech...I've always had an interest in technology and think there are so many exciting new things to learn about.

My educational background is...I have a degree in Web Development but spend a lot of time trying to

keep up to date with the latest technologies online.

What advice I'd give to girls thinking about a career in digital and tech...It's a continuously evolving industry and there are just so many exciting opportunities!
