

CHERYL COLLIER

Job: Web developer

Company: Money Supermarket

I write the code that makes the world go round

A bit geeky

The skills I use most in my job...Typescript

- HTML
- CSS
- Angular

The most interesting thing I've worked on in my career so far...Creating a simulation of a taxi using Google maps API.

What inspired me into digital and tech...Kraftwerk

My educational background is...Degree in Fine Art, got into coding after listening to Kraftwerk, my first language was C then progressed onto asp, php then frontend frameworks.

What advice I'd give to girls thinking about a career in digital and tech...Apart from tech being an exciting industry to work in, tech is the future and it's important that women help create this future.
