The skills I use most in my job...Operating Models

- Business Transformation
- Business Analysis
- IT Service Management
- Agile Methodologies

The most interesting thing I've worked on in my career so far...Supporting a public sector client in business transformation and organisation re-design.

What inspired me into digital and tech...My interest in learning about innovations and the ever-

changing nature of technology.

My educational background is...I have completed Law undergraduate and MSc in international management.

What advice I'd give to girls thinking about a career in digital and tech...Curiosity and willingness to learn matters more than your background.
