

KELLY BURDALL

Job: Digital Transformation Director

Company: Atkins part of SNC Lavalin

Delivery of the Atkins transportation digital transformation plan and head the UK&E in digital deployment of the design transformation tools, as well as setting up the data academy

Enthusied

Collaborative

Driven

The skills I use most in my job...Leading Teams

- Analysing Data
- Supporting Others
- Driving Change
- Problem Solving

The most interesting thing I've worked on in my career so far...M25 Strategic Road Project

What inspired me into digital and tech...Business Change

My educational background is...A mixture of finance and programme management. Left school at 16,

went to night school to study project management, lean and MSP

What advice I'd give to girls thinking about a career in digital and tech...It's not just technical roles, there are plenty of options for careers within the industry.
