Cyber Security Woman Leader

The skills I use most in my job...Innovation

- Creativity
- Leadership

The most interesting thing I've worked on in my career so far...•Featured one of the Top 30 Women in Tech in Manchester, by Manchester Evening News

What inspired me into digital and tech...The cyber security field is booming as is the future of the

digital technology growth. However, it was obvious that there was a lack of female contribution. I wanted to improve the strength of women when it comes to securing the cyberspace

My educational background is...B.Sc. Computer Engineering, MIET, ISO 27001 LA, CISM, CEH, MCSE, CCNA, CCDA, ITIL, ITI Diploma

What advice I'd give to girls thinking about a career in digital and tech...Digital is the base of our modern life, Hard work and determination is the key to success
