The skills I use most in my job...Organisation

- Relationship building

The most interesting thing I've worked on in my career so far...Sitting on the Women@Microsoft Board leading our Early in Career Strategy.

What inspired me into digital and tech...The fast moving, inclusive culture.

My educational background is...I studied Business Marketing and Management at Newcastle University, after studying my A Levels in Somerset.

What advice I'd give to girls thinking about a career in digital and tech...Give as many opportunities a go, as long as your are proactive at experiencing different careers you'll always be one step closer to finding something which will make you happy.
